

**National Cooperative Dairy
Federation of India Limited**

About NCDFI

National Cooperative Dairy Federation of India (NCDFI) was registered on December 07, 1970 under the Bombay Cooperative Societies Act (VII of 1925) as extended to the Union Territory of Delhi with its head office in New Delhi.

However, it was only during the year 1984 that it started functioning as the apex body of the cooperative dairy industry. In December 1986, to gain locational advantage, the NCDFI shifted its head-quarters from Delhi to Anand — the milk capital of India. In April 1987, the NCDFI bye-laws were amended to bring it under the provisions of Multi State Cooperative Societies Act.

The NCDFI has 19 Regular Members, 14 Associate Members and National Dairy Development Board (NDDB) as its Institutional Member.

Multi Tier Structure of Dairy Cooperatives

State Milk Federations (28)

District Milk Unions (240)

Village Milk Societies (2.30 lakh)

Dairy Farmer Members (180 lakh)

Objectives

To promote the dairy and the oilseeds, vegetable / edible oil and vanaspati industries and other commodities on cooperative lines; and

To coordinate, help, develop and facilitate the working of the dairy and oilseeds growers cooperatives and affiliated organisations dealing in commodities.

NCDFI Network

Major Activities of NCDFI

Coordination of milk and milk product supplies to Ministry of Defence (MoD) and ITBP under Ministry of Home Affairs through negotiated contracts.

Coordinating sale of dairy commodities and procurement of agri / minerals / packaging / food items / chemicals through NCDFI eMarket.

NCDFI partnered with NDDDB Dairy Services for distribution of Frozen Semen Doses.

NCDFI
WeMarket

 SAG
Superior Animal Genetics

Institutional Sale

MoD vide letter dated August 13, 1985 issued a policy to procure milk and milk products from NCDFI on negotiated contract basis for a period of one year. Considering the satisfactory performance of NCDFI, MoD renewed the said policy from time to time.

WMP, Butter Tinned, Desi Ghee, Tetrapak Milk, Sweetened Condensed Milk (SCM), and Cheese Tinned are being supplied on negotiated contracts system apart from fresh dairy products viz. Milk fresh, Butter fresh, Cream fresh, Lassi (Sweet/Salted) and Paneer fresh through a system of negotiated contracts.

The NCDFI coordinates supply of these products to MoD from more than 110 Dairy Cooperatives spread across the country.

Contracts concluded by the NCDFI during last five years MoD/ITBP

Product	2022-23	2021-22	2020-21	2019-20	2018-19

Indian Railway Catering & Tourism Corporation (IRCTC)

IRCTC entered into an agreement with the NCDFI to procure milk and milk products of NCDFI member organizations in July 2009. This agreement is being extended annually. Many member organizations are supplying milk and milk products to IRCTC base kitchens and pantry cars in Rajdhani / Shatabdi Express trains under this arrangement.

National Dairy Development Board (NDDDB) conducted a national seminar of Dairy Cooperatives during November 17-18, 2014 in Anand wherein representatives from various dairy cooperatives participated. During the deliberations, it was mentioned that dairy commodity transactions are being traded through tender purchase and due to longer time cycle in the existing system, participating dairies are exposed to the price volatility. Further, prices are localised and the dairies need to incur advertisement costs, travelling etc.

Considering the above, the participants suggested that an alternative can be an internet based national platform for marketing of dairy commodities. Participants suggested that the NCDFI should consider working as a National Platform for this purpose. This would ensure transparent, fair and economic dealings for all member cooperatives. It would be also a good platform to discover the best price at a given time for both buyer and seller.

Accordingly, with continued guidance from the NDDDB, NCDFI initiated e-portal 'NCDFI eMarket' for the trading of dairy commodities on June 10, 2015. Subsequently, the services are extended to Agri commodities, Minerals, Chemicals, Packing Materials, Sugar, Edible Oils, Transport and Scrap. Technical support for NCDFI eMarket is being provided by NCDEX eMarkets Ltd (NeML), a 100% subsidiary of NCDEX.

Products

Dairy

Bulk Milk	ETP Wet Solid	SMP	WMP
Butter	Ghee	Sweep Powder	Liquid Whey (Paneer/Cheese)
Cheese	Scum Ghee	Whey Powder	

Edible Oils

Coconut Oil	Palmolein Oil
Crude Palm Kernel Oil	Rice Bran Oil
Crude Palmolein Oil	Sunflower Oil
Gingelly Oil	Super Olein Oil
Groundnut Oil	Mustard Oil

Cattle Feed Ingredients

Bajra	Dicalcium Phosphate	Cobalt Chloride	DORB
Barley	Gypsum	Choline Chloride	Co Feed
Bentonite Power	Inorganic Minerals	Zinc Sulphate	Hominy Feed
Calcite Powder	Jowar	Jaggery	Ragi Powder
Calcium Carbonate	Kemin Maxim Dry	Mass Power	Urad Dal Husk
Calcium Powder	Magnesium Oxide	Natural Red Algae Based Buffer	
Chromium	Maize	Rumen Bypass Fat	
Cobalt Sulphate	Manganese Sulphate	Rapeseed By Pass Protein	
Coconut Meal	Mineral Mixtures	Slow Release Nitrogen	
Coffee Husk Powder	Molasses	Toxin Binder	
Copper Sulphate	Molasses (Powder Form)	Urea	
Cotton Seed Meal	Mustard Meal	Wheat

Face Mask	Vitamin-B1	Creamodan
Citric Acid	Vitamin-B12	

Dry Fruits & Nuts

Almonds	Pistachio Kernels	Walnut	Anjir
Cashew Nut Kernels	Raisins	Cardamom	Baby Cashew

Chocolates

Choco Chips	Milk Compound Covering
Cocoa Butter	Plain Compound Covering
Cocoa Powder	Chocolate Syrup
Dark Chocomass	Milk Choco Dip
Milk Chocomass	White Compound Coating

Fodder Seeds

Sorghum	South African Tall Maize
Sorghum Hybrid Forage (SSG-898)	Cowpea (UPC-8705)
SSG Multi-Cut Sorghum	
CSH 24MF Multi-Cut Sorghum	

Machinery and Equipments

Butter Churner
Cream Separator
Generators
Hot Water Boiler

Type of Auctions

Ascending Forward Auctions

Auction Sale

Reverse Auctions

Ascending Forward Auctions

Under an Ascending Price Forward Auction the price announced is at the discretion of the seller. The price is increased round by round only if demand exceeds supply.

Presently, butter, skimmed milk powder, cheese and ghee are covered under these auctions. The unsold offered quantities at Forward Auctions, if any, and additional stocks as may be offered by the sellers, would be made available at the NCDFI eMarket portal under **Continuous Market** from the next day of the auctions so as to ensure continuous supplies.

To encourage bulk selling of dairy commodities, **Bulk Trade** is introduced for floating auction for dairy products for not less than 300 MT.

Auction Sale

Auction Sale is introduced to replicate the manual tendering system.

The trading process is Yankee “Forward Auctions”

Sellers offer the products and the buyers bid for the ex-factory price and quantity.

Salient features include

- No transaction/administrative cost for sellers
- Fast process
- Real time allocation of quantities to buyers
- Increased Revenue
- Transparent and secured system

Reverse Auctions

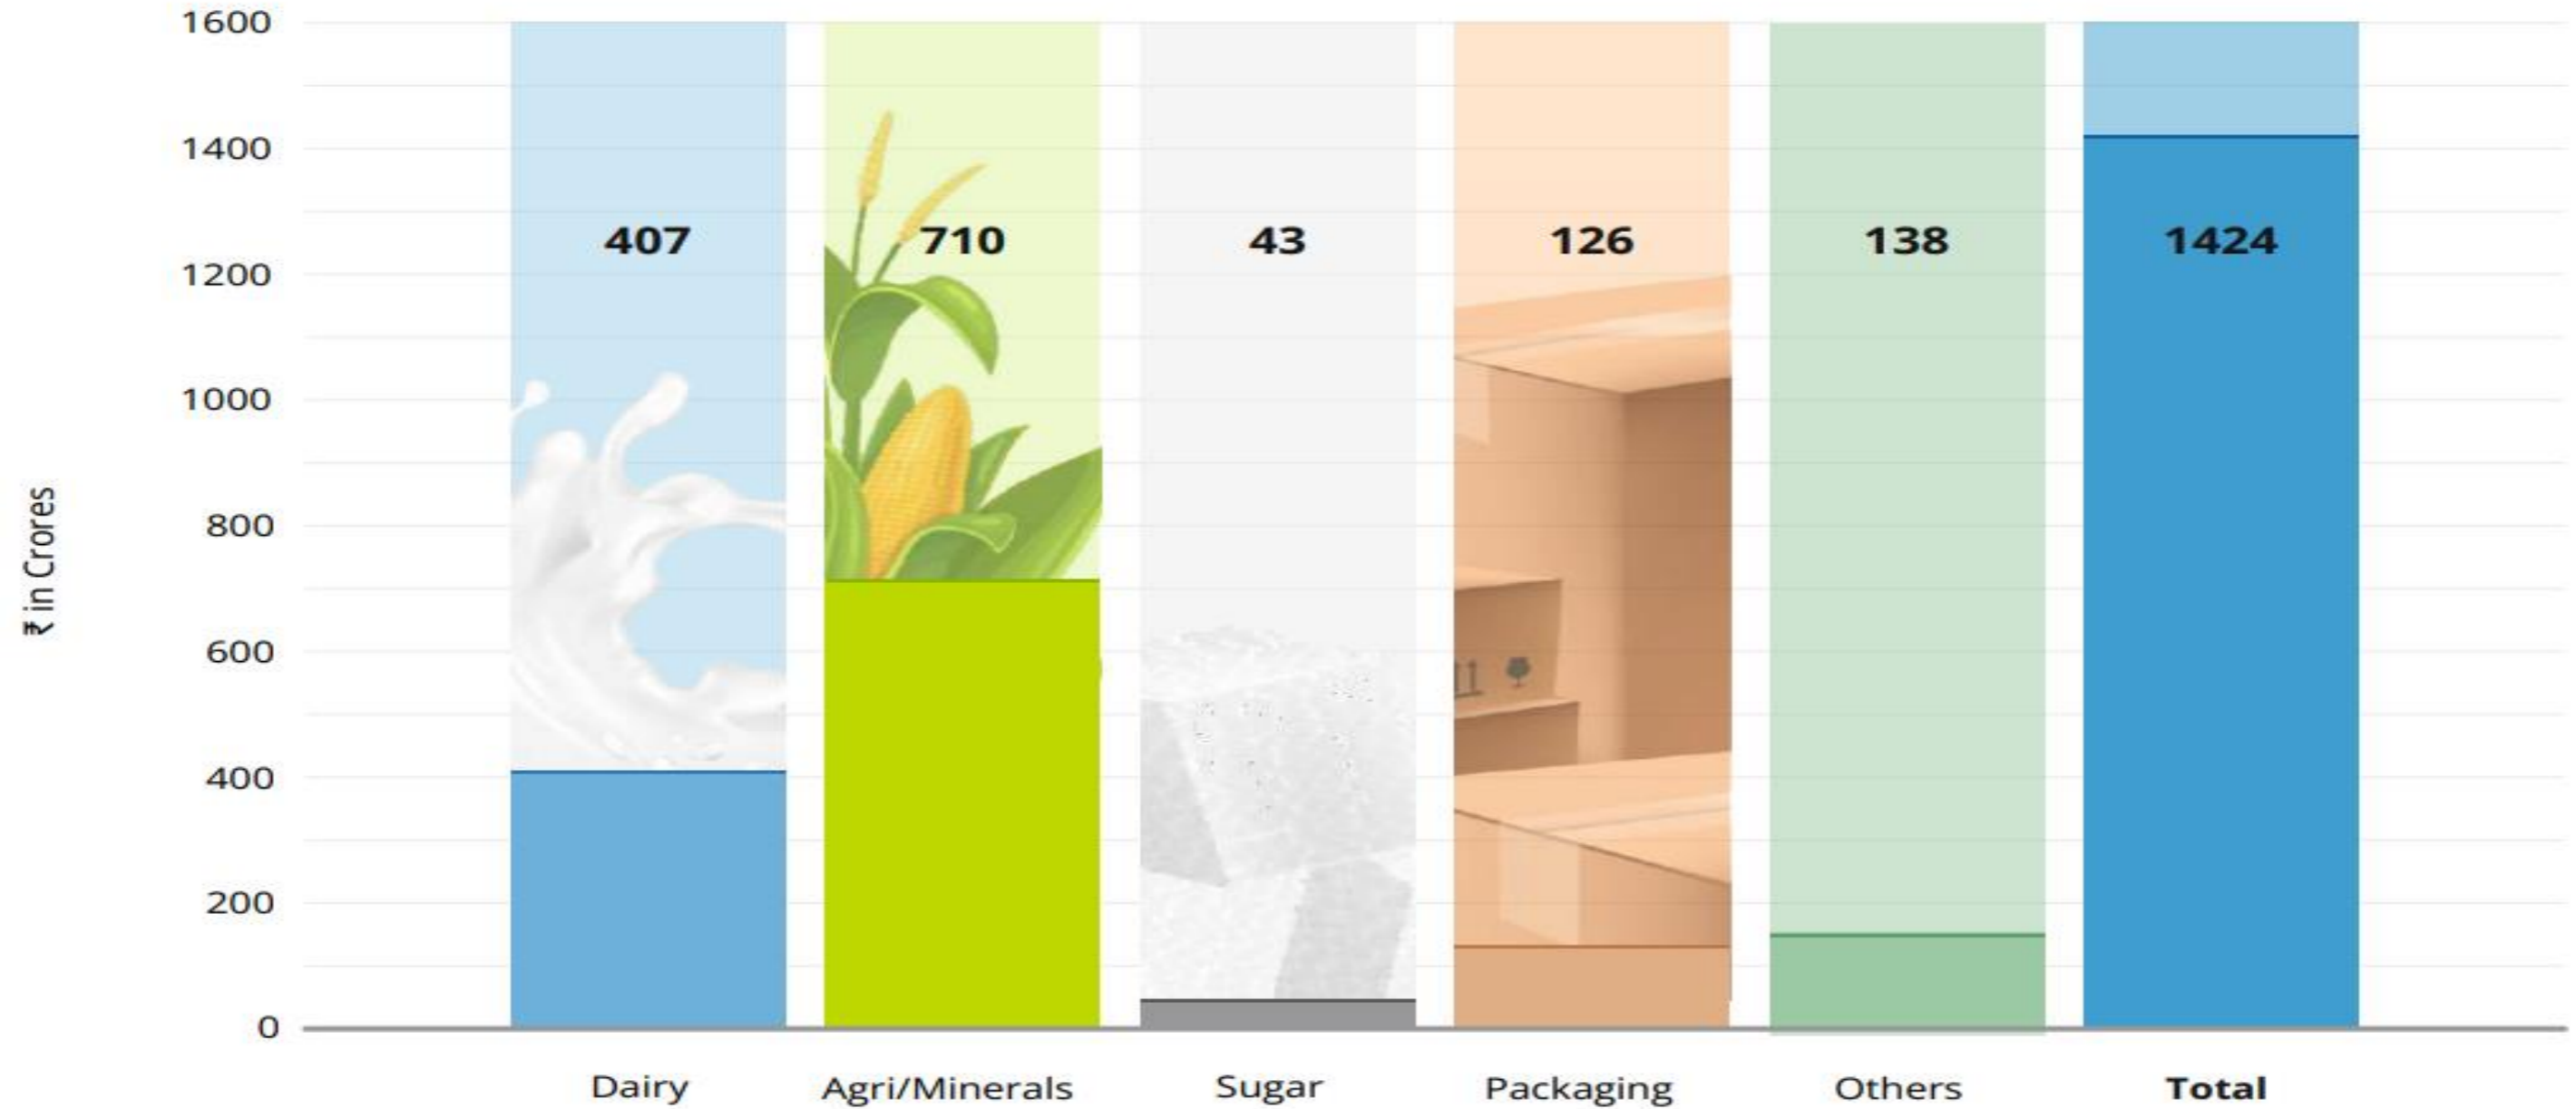

Reverse auction mechanism allows buyers to seek competitive pricing by inviting sellers to participate in real time eAuction. Presently, Dairy Commodities, Agri Commodities, Minerals, Packing Materials, Chemicals and Sugar are being transacted in NCDFI eMarket through Reverse Auctions.

Under these auctions, buyers need to mention the required product, quantity and location. Sellers need to quote an all inclusive FOR prices. If L1 bid is acceptable to the buyer, then the contracts are concluded.

Transacted Business

FY 23-24

Upto September 30, 2023

Superior Animal Genetics (SAG)

NDDB Dairy Services (NDS) is a fully owned subsidiary of NDDB and manages the two largest semen stations in India – Sabarmati Ashram Gaushala, Bidaj (Gujarat) and Animal Breeding Centre, Salon (Uttar Pradesh).

Over the last two decades, Sabarmati Ashram Gaushala and Animal Breeding Centre have been the leading semen stations producing and supplying quality genetics for use in the artificial insemination programme implemented across India. Considering the requirement of Frozen Semen Doses (FSD) in the country, NDS recently set up two new stations, one at Alamadhi (Tamil Nadu) and other at Rahuri (Maharashtra) which are now fully operational. The semen doses produced at these four stations are marketed under the common brand name ‘SAG’ – ‘Superior Animal Genetics’.

Frozen Semen Doses (FSDs) Supplied

FSDs in Crores

2022-23	2021-22	2020-21	2019-20	2018-19	2017-18
3.97	4.37	3.43	3.10	3.10	2.86

Promotional/Developmental Activities

Farmer Meets for spreading awareness on artificial insemination, ration balancing, genetics, etc.

Organising Management Development Programmes (MDP) for development of middle and senior management of the dairy cooperatives.

Stakeholders meet in various locations to spread awareness of Clean Milk Programme, Cattlefeed, Nutrition, Cooperative Governance, etc.

Liaisoning with the Government for policy formulations to protect and promote the interests of dairy cooperatives.

Various Events Coordinated by NCDFI
