

**Career Opportunity: Junior Executive/Executive (IT)**

National Cooperative Dairy Federation of India (NCDFI), registered on December 07, 1970, is the apex body of dairy cooperatives in the country. It is governed by the Multi-State Cooperative Societies Act, 2002, and is headquartered at Anand, Gujarat. Its membership comprises state and union territory-level dairy cooperative federations. The primary objective of NCDFI is to facilitate and strengthen the functioning of dairy cooperatives through coordination, networking, advocacy, and developmental support.

NCDFI is engaged in a wide range of activities, including coordination of supplies of milk and milk products to major institutional buyers such as the Ministry of Defence, ITBP, IRCTC, and others; facilitation of bulk trade in commodities and services through its eMarket portal; promotion of superior animal genetics in collaboration with NDDDB Dairy Services to enhance milk productivity; and cooperative development through training, capacity building, and other sectoral initiatives.

NCDFI eMarket, launched in June 2015, has significantly transformed dairy and agri-commodity trading by enabling transparent, efficient, and competitive bulk transactions. The platform also supports procurement and sale of a diverse range of commodities and services. In addition, NCDFI has ventured into the development and implementation of IT-based projects and digital solutions to support the dairy cooperative sector.

During the year 2024–25, the total business transacted by NCDFI stood at Rs. 6,122 crores. For more details, please visit the official websites: [www.ncdfi.coop](http://www.ncdfi.coop) and [www.ncdfiemarket.com](http://www.ncdfiemarket.com).
